Dr. Knox's Consecration

The Most Rev. James R. Knox, newly-appointed Apostolic Delegate to British East and West Africa, was consecrated here (Rome) as Titular Arch-bishop of Metilene, in the chapel of the Propagation of the Faith College on November 8.

The consecrator was His Eminence Celso Cardinal Costantini, former secretary of the Sacred Congregation for the Propagation of the Faith. Co-consecrators were Archbishop Filippo Bernardini, the present secretary of the Congregation (and former Apostolic Delegate to Australia), and Archbishop Antonio Samore, secretary of the Sacred Congregation for Extraordinary Ecclesiastical Affairs.

The consecration was delayed a week because Cardinal Costantini had to undergo a minor eye operation.

St. Ildephonsus' College rejoices at this signal honour paid to one whose course it had followed with interest since he was a boarder at the College in 1934 and 1935.

At S.I.C. the future Archbishop was a member of first cricket XI, first football XVIII, and of the rifle club. Admitted to the Children of Mary in 1934 he was its President in 1935. That year he completed with distinction his Leaving.

Yet during these two years at S.I.C. he had already begun his ecclesiastical studies and had studied Humanities at the Benedictine Monastery for 18 months before he left Fremantle in September, 1936, for Propaganda College, Rome.

Lord Abbot Catalan, D.D., O.B.B., had accepted James R. Knox for the diocese of New Norcia and suggested his going to Rome. Always mindful of his happy Benedictine associations, James Knox, as a Seminarian in Rome visited the famed Monte Cassino Abbey. His account in a former S.I.C. Annual of his stay at this Abbey reveals an able pen and a shrewd appraisal.

James Knox was ordained in Rome on December 22nd, 1941, during

World War II. The young priest was advised by Lord Abbot Catalan to continue his studies. He first gained his Doctorate in Theology, with rare acclaim. Then he gained first in Licentiate and later his Doctorate in Canon Law and a Licentiate in Missionology.

Meantime Dr. J. R. Knox had been appointed by the Cardinal Prefect of Propaganda, firstly Assistant to the Rector of this College and later Vice-Rector.

In 1947 Dr. Knox received a commission from the Holy See for the Seminaries of Australia. This has been his only return to his family and to New Norcia. News this week tells that His Excellency will visit his Delegation December 5 to 8, and then come to Australia before Christmas.

In 1949 Dr. J. R. Knox was appointed to a position in the Secretariate of State of His Holiness Pope Pius XII.

The following year, 1950, he was assigned to the Apostolic and Internunciature in Tokio. At the time of his appointment as Delegate to East and West Africa he was actually acting, in the absence of the Nuncio at Tokio, as Charge of Affaires. Actually when nominated to Tokio by His Excellency, Mgr. Montini, Pro-Secretary of the Vatican State, Dr. J. R. Knox was elevated to the dignity of Papal Privy Chamberlain.

Always when abroad His Excellency has kept intimately in touch with New Norcia. Each year he has celebrated the Feast of St. Anselm in honour of his friend, Lord Abbot Anselm Catalan, in gratitude for help and guidance in his early ecclesiastical career.

The Apostolic Delegate will have its seat in Mombasa, in the province of Kenya.

We wish him, prayerfully in our sincerity, security in this storm centre and further success in his new post.

All at New Norcia rejoice that Rome has selected one from here to be the first Australian elevated to the dignity of Apostolic Delegate.

Foreword

ST. ILDEPHONSUS' COLLEGE staffed by the Marist Brothers and named itself after the great Spanish devotee and apologist for Mary, rejoices that 1954 will be a Marian year.

At the clarion call of His Holiness, Pope Pius XII, through the Encyclical Letter, "Fulgens Corona," Catholics have throughout the world, begun, from December, 1953, to celebrate worthily, at local shrines of Mary, the centenary of the proclamation of the Immaculate Conception.

In Australia the Rev. Father Peyton, C.S.C., has promoted in most every diocese yet another popular Crusade, the better to foster a more personal and more practical devotion to Mary, through the family Rosary.

Humbly this Annual links itself with this universal Marist Crusade, the better to honour Mary—the mother of God—in order the better to love her Divine Son.

UNTO US A SON IS GIVEN.

Given, not lent,
And not withdrawn—once sent,
This Infant of mankind, this One,
Is still the little welcome Son.

New every year,
New born and newly dear,
He comes with tidings and a song,
The ages long, the ages long;

Even as the cold
Keen winter grows not old
As childhood is so fresh, foreseen,
And spring in the familiar green—

Sudden as sweet
Come the expected feet,
All joy is young and new all art
And He too, whom we have by heart.

HIS EXCELLENCY THE GOVERNOR, SIR CHARLES GAIRDNER,
K.C.M.G., C.B., C.B.E.

(From a painting by Maurice Codner, exhibited at Burlington House, London, 1951)

VICE-REGAL VISITOR

Sir Charles Gairdner.

On Wednesday, 28th October, S.I.C. lined up 170 strong at the Cathedral entrance to help greet His Excellency, Sir Charles Gairdner. The College girls and the folk from the two orphanages helped swell the ranks. The whole of the Benedictine Community, Fathers and Brothers, with the two Lord Abbots, Gomez and Catalan, officially received His Excellency and were each presented by the Lord Abbot, G. Gomez, O.S.B., D.D.

His Excellency then was officially welcomed from the steps of the Cathedral by the Lord Abbot, G. Gomez. His Grace said in effect:

"It is his privilege and pleasure to welcome the representative of Queen Elizabeth II, more so for his own high personal qualities of leadership and courtesy that had already endeared him to the people of the Golden West. The Lord Abbott rejoiced thus to attest and pledge the loyalty of all to Her Majesty and to the British Empire. We, he said, share in Australia the peace and contentment, in the discipline and freedom that the Pax Britannica everywhere grants her people.

A holiday for the remainder of the day—our sports day was mildly cheered.

A little later, on his visit to the College a full picnic next day was granted, and did we cheer?

His Excellency and his retinue, Bishop Goody, V.Rev. Mgr. T. McMahon, Father Hope and Captain Batten were then entertained to dinner. S.I.C. were represented by Rev. Br. Lucian, our Director, and Rev. Br. Guibertus, M.A., a former Principal.

The meal at His Excellency's re-

quest was in the Monastery dining room, and it was the first time in the memory of most of the Monastery that the silence at meal time was broken. But this is a Regal, and Vice-Regal privilege.

The Lord Abbot in an address stressed that he rejoiced at the visit as a gesture to the Catholic body. He recalled that in the British Empire there are to-day 26,000,000 Catholics.

His Grace recalled, too, that the present Pope had been at the Coronation of King George V in 1911. He sent this year an Ambassador Extraordinary. At the State Banquet this papal envoy sat at the table presided over Queen Elizabeth II. Before this envoy's departure from Britain Her Majesty re-called with pleasure her visit to the Vatican, as did Princess Margaret.

The Lord Abbot recalled, too, that the present Queen is a direct descendant on her mother's side of Blessed Margaret Pole Countess of Salisbury in the reign of Henry VIII.

His Excellency thanked all and expressed the regret of his wife who was indisposed and unable to come, but who hoped to call a little later.

One recalls some outstanding Vice-Regal visitors of the past: Sir Frederick Weld (1870), Sir and Lady Broom (1883), Sir Gerald Strickland (1913), Sir Francis Newdegate (1924), the Gov. General Lord Stonehaven (1925), and Sir and Lady Wm. Campion, with Sir and Lady Hore-Ruthven, of S.A. (1927). Brother Stanislaus had prepared an acrostic in his illuminated address, for the arrival of Sir Harry Barron (1915) but war circumstances prevented this visit.

Duke of Norfolk

EARL MARSHAL OF THE MARIST BROTHERS

The Duke of Norfolk is the traditional Earl Marshall for Royalty. He it was that Marshalled all for the Coronation of our previous King, for his burial, and for the Coronation this year of Queen Elizabeth II.

In 1952 The Marist Brothers of British Isles purchased Kinshie House, the Scottish residence of His Grace, the Duke of Norfolk. Kinshie House, a spacious mansion, is situated three miles from Sweetheart Abbey, and some ten miles from Dumfries.

Dumfries is the Mother House of the Marist Brothers of the British Isles, and there is our justly famed St. Joseph's College.

The locale of Kinshie House may be of more than passing interest. The estate, farmland and woodland, stands on the lower slopes of Cuffel and marches with Shambellie estates of the Kirkcudbrightshire Stewarts. The house of grey granite, once the Earl Marshall's shooting lodge, contains more than 30 rooms besides staff accommodation. Its capacious public rooms have been easy to convert into study halls and its woods, trout streams and nearness to the Solway make it an ideal holiday house for student Brothers jaded by life at the University.

It is proposed by the Brothers to transfer the senior classes of the Hertland House Juniorate there.

The Duke has been accommodating in all the details. He very graciously and generously gifted the contents of the beautiful private chapel. His Grace the Earl Marshall is, of course, a Catholic as have been his forebears for hundreds of years.

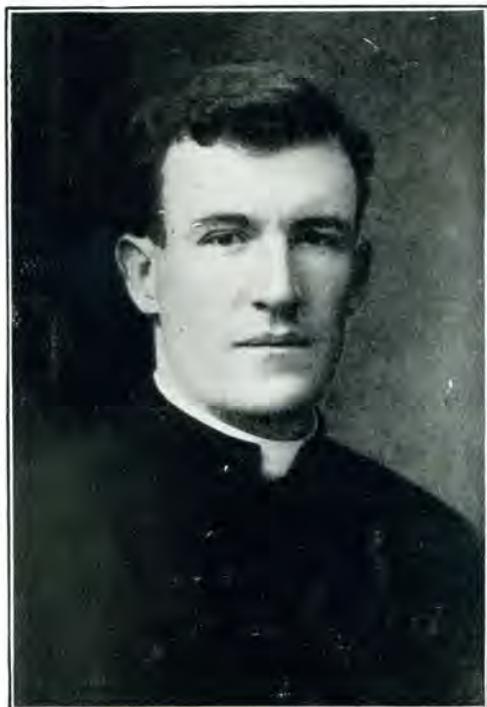

The Marist Brothers have affiliated His Grace the Earl Marshall to the Marist Brothers. A proposal graciously accepted and on proposal by Rev. Brother Assistant.

Archdeacon John McKay Felicitations

A notable gathering of Bishops and other representative people honoured the Silver Jubilee of Arch-deacon J. McKay on Tuesday, 10th November.

That morning the Jubilarion had been elevated to the rare honour of Arch-deacon by His Lordship, Most Rev. A. J. Gommer. No name is more widely known and respected in the far north than that of Arch-deacon J. McKay, more especially at Carnarvon, where for the past 23 years the Arch-deacon has been parish priest.

His Lordships Most Rev. B. D. Stewart, of Sandhurst, Most Rev. B.

ARCHDEACON J. MCKAY.

When he first went to Carnarvon 23 years ago.

MARIST ITEMS

There returned to the staff in 1953 Rev. Brother Callixtus, and once again he directed even more ably than before cricket, tennis, football and athletics. With him arrived Rev. Brothers Gordon, Raymond and Victor: all three have made their mark whether it be on the rifle range, or on the football and cricket fields. Of

VEN. M. CHAMPAGNAT.
Founder of the Marist Brothers.

Gallagher, Bishop of Port Pirie, and Most Rev. Goody, along with 16 priests including Rev. E. Collins and the Minister for the North-West (Mr. Strickland) attended the Arch-deacon's Sacerdotal Silver Jubilee.

Arch-deacon J. McKay had erected during his pastorate the fine church of the Star of the Sea. During the jubilee celebration the cost of four stained glass windows erected to commemorate the Holy Year (1950) was donated.

S.I.C. rejoices at the high honour paid to Arch-deacon McKay. While a student at S.I.C. he was accepted for the diocese of Geraldton. From here he went to Propaganda College, Rome, where he was ordained in 1928.

COLLEGE MAGAZINE

course all four are equally notable in the class rooms.

We pay a tribute to the four who left New Norcia at the end of 1952 school year, Rev. Brothers Alexis, Berchmans, Mark and Stanislaus. Thanks for so much!

Brother Ethelred, B.A., our former Director passed through Fremantle on his way to Europe and met a host of Old Boys during a brief 24 hour stay. He was greeted on his way back to take charge of the Scholasticate at Drummoyne, N.S.W.

Subiaco and Bunbury are to open their doors to receive day pupils in 1954. S.I.C. wishes these schools maximum success.

At Northam is our former class mate, Nello Facci (Brother) David. We were pleased to see him over for Easter. Brother Pius I (Redmond Casey) is with Brother Ethelred, B.A., at Drummoyne.

In 1954 the Marist Brothers will have four schools in W.A., with the two new openings at Bunbury and Subiaco. It will be of more than passing interest to recall a few details of the Order.

The Marist Brothers were founded in 1817 in France, by Venerable Marcellin Champagnat, who died June 6, 1840.

Yet to-day the Marist Brothers have 32 divisions or provinces: 14 in Europe, 13 in the Americas, 3 here in Oceania, 1 each in Africa and Asia.

In all there are 12,500 members, of whom 4,500 are Juniors, Postulants or Novices. Actually in all there are 70 Juniorates and 26 Novitiate. The pupils gross 220,000.

To show the phenomenal growth in school attendances. In 1914 the Marist Brothers had only 16 schools with more than 500 pupils. To-day a little over 150 schools have more than 500 pupils, and actually 27 of these have more than 1,000 pupils.

DOM STEPHEN MORENO

O.S.B.

A Tribute.

Dom Moreno died at Marseilles on 6th March, 1953.

It is fitting that this S.I.C. Annual should pay a tribute however inadequately to Dom Moreno. Not only was Dom Moreno internationally known for his musical compositions but S.I.C. knew him intimately. Dom Moreno was for years College Chaplain and Confessor. He taught pianoforte to generations of lovers of the piano, but he was always an honoured conductor of choirs and the perfect organist. But above and beyond all this Dom Moreno was for over two score years the intimate friend and confidant of so many Marist Brothers.

Briefly one recalls that he was born at Corella, Navane, Spain, in 1889. Music he studied all his life, ever progressively from Corella to El Miracle where he joined the Benedictine, then his studies at Genoa and Rome.

He came to New Norcia in 1908. Liturgical pieces flowed from his fertile brain even before his ordination in September, 1903, but more so after two crowded years of study at Munich (1920-22). From Munich he purchased the present organ which he personally set up, for he was a skilled technician as well as a perfectionist on piano and organ.

His compositions range from Sacred Music, Orchestral, Grand or Small Piano Works, and even to Brass Band. Listen to a fellow Benedictine musician, Dom Heladius Ros, sum up Dom Moreno's style:

"His method was to develop original themes, and, at times, Gregorian melodies; and the accompanying music of his compositions is independent of the voices. His music has a distinct feeling of modernity, yet is based on classic lines. Massed effect

rather than melody, seems to be the dominant idea. The theme is as a rule, enunciated before the voices swell to a powerful climax. The motifs are thus developed. His compositions show great breadth of musical vision and majesty of composition."

The famed German pianist, Wilhelm Bachhaus, on a visit to Australia in 1930, predicted that Dom Moreno's works would soon be well known throughout the world.

Our own "West Australian" noted music critic "Fidelio" wrote some time ago:

"Dom Moreno's church music has no taint in it, either of worldliness in general, or of the theatre in particular . . . But he is a more versatile musician than perhaps some of his admirers have imagined; and, when he closes the church door to enter the market place, when he leaves the organ loft for the orchestra, he is not for a moment at a loss. To the solitary listener in the theatre stalls, Dom Moreno's orchestral works prove an exciting experience. Before his eyes as it were, the centre of ecclesiastical music is metamorphised. In his stead stands a master of the orchestra, looking smiles of delight at the deft touches of his craft."

It is no wonder that the Spanish Government, at their expense, have planned to publish the bulk of Dom Moreno's church compositions, as a national tribute to Spain's famed son.

A MARIAN LIBRARY

There has been started in a systematic way the nucleus of a Marian library at St. Ildephonsus' College.

A separate room has been set aside with specially designed book cabinets, a fine table with a Madonna blue covering and with the walls covered with a variety of Marian Art.

This art includes originals in oil by Dom Lesmes, in black and white Mrs. Thelma Fisher; by terra cotta from Rome and Florence, one being very old and quite good, of Our Lady of Sorrows, and a water colour Madonna from Japan.

In the book cabinets arranged systematically, there is gradually being gathered together material on such varied subjects as Lourdes and the Immaculate Conception, Carmel and Fatima, and the Scapular, the Rosary has a separate section. There is a part allotted to the Legion of Mary and to St. Grignonde Montford. Another deals with varied Shrines of Mary, Knock of Ireland, Walsingham of England, the many shrines in France and Banneux in Belgium, to mention but a few. One notices a growing list of pamphlets on St. Alphonsus and Our Lady of Perpetual Succour. There is a group of work, in book and pamphlet devoted to the Marist Brothers. Quite a section embraces periodicals such as the "Madonna," "Messenger," "Maria Legionis," Scapular Queen's Work.

The books of poetry are such as to include works on Mary—they range widely from Father Manley Gerard Hopkins, through Dr. M. O'Reilly, S.M., Mary King, Eileen Duggan, Helaire Belloc, G. K. Chesterton, quite a few American writers as well as a number of pamphlets by Australians.

The art section is rich in the works of the Masters—Dutch, French, Ital-

ian and Spanish. Books in Italian, French, German and English, mostly illustrated in colour. The Madonna has ever been the source and inspiration of the best of the world's artists.

One notices quite a range of excellent brochures from the Canadian Marian centre with the excellent monthly "Marie" in pride of place.

Week by week classes are given the freedom of these works, under guidance and the influence of Mary must have its own benign effect.

Gifts to this library are most gratefully acknowledged especially to Mrs. Thelma King, to Miss Eileen Duggan, to Mrs. P. Burke, to Mrs. M. A. Smith, to the Lord Abbot Gomez, O.S.B., to Father Eugene Perez, O.S.B., to Miss Eileen Nelson (North Adelaide), to Misses M. and D. Craig (Melbourne), Mrs. Brennan, the Misses O'Donnelly (Glenelg), to Rev. Br. Virgilius (N.Z.), Rev. Brs. Boniface and Romuald, of S.A., Mrs. K. Tenant, of Launceston, Rev. B.A.M.

OLD BOY PRIESTS

REV. FATHER J. HALPIN (1913-1917).

Has recently accepted the Chaplaincy of the Calvary Hospital, in Hobart. We understand he is keeping very well. He should enjoy the cool change from Brisbane.

REV. FATHER F. CAHILL, C.S.S.R. (1913-14).

Is Minister to the Redemptorist Juvenile at Galong, N.S.W. No doubt he is occasionally called upon also for Missions and Retreats.

REV. FATHER RICHARD DOCHERTY, M.S.C. (1918).

Was back in W.A. a few months ago for a well-earned respite from his far away Port Keats Native Mission. He reports that the Mission is proving successful, and is gradually becoming more self-supporting.

REV. FATHER E. J. COLLINS, S.T.L., P.P. (1914-1916).

Has recently completed extensions to his school in Shenton Park, and has now a separate temporary church dedicated to St. Aloysius. Early this year His Grace the Archbishop nominated him a Diocesan Consultator.

VERY REV. MONSIG. F. BYRNE, P.C., P.P. (1916-1920).

Is still the Dean of the Albany district. He bears his new title of "Monsignor" with his erstwhile modesty for we have not yet seen any "purple" on his apparel. He is arranging for a boys' school in Albany in 1955.

REV. FATHER F. RYAN, P.P. (1915 and 1919-1923).

Recently had a trip abroad and returned as a migrant Chaplain. The parish priest of Guildford is now looking quite fit.

REV. FATHER T. McCaul (1926-1929).

Has recently completed and opened a magnificent shrine at Bassendean. Building is indeed Father Tour's "Forte" and, believe me brothers, he's not finished yet.

VERY REV. DEAN J. CAMERON, P.P. 1935-1938.

Is not only Parish Priest of Moora but also Diocesan Director of the Propagation of the Faith throughout the New Norcia diocese. This latter job entails much travelling, but the Dean keeps "smiling through" his most successful work.

VERY REV. ARCHDEACON JOHN G. MCKAY. (1920-1923).

We here refer readers to a more lengthy article in this issue.

HIS LORDSHIP BISHOP B. GALLAGHER. (1926-1929).

Paid a short visit to W.A. in November. With other bishops and priests he journeyed to Carnarvon for the Sacerdotal Silver Jubilee of Archdeacon McKay.

REV. FATHER CHARLES CUNNINGHAM, P.P., M.B.E. (1920-1922).

Was again seen "robbing" beehives at Bindoon after Easter. He and his Dardanup Collaborators camped at the College during the "robbing" period. The Brothers and guests quite enjoyed some of the fruits of his labours. We congratulate Father Charles upon his escape from what might have been a serious motor accident at Picton Junction Crossing.

VERY REV. DEAN M. LYNCH, P.P., S.T.L.

Still holds the parochial reins at Mullewa. We understand his "wheat scheme" is a howling financial success. Unfortunately the Dean is not enjoying the best of health but we trust to hear better news in the near future.

REV. FATHER E. HALLORAN, P.P. (1935-1938).

Has recently opened a new Convent for the Sisters of St. Joseph at Southern Cross. He did a ton of physical work on it himself, and must now be a very happy and proud man. His modest presbytery contains several formidable souvenirs of his Chaplaincy days in the islands.

REV. FATHER H. BRENNAN, P.P. (1930-1937).

Is now a very active parish priest in York. Only recently he achieved the distinction of opening additions to the Convent there "Free of Debt." Congratulations!

REV. FATHER B. BALDWIN, M.S.C.

To the best of our knowledge, is still situated in the Missionary Station of Milne Bay, Papua, New Guinea. We wish every blessing upon his arduous task.

REV. FATHER REG HYUS, P.P. (1925-1929).

Is busily engaged in the Wyalkatchem parish. He had a visit from his brother, Cecil, from Waterloo during the year.

HIS GRACE ARCHBISHOP J. KNOX.

See special article in this issue. "Ad multos annos!"

REV. FATHERS LANGLOIS AND PATRICK LEWIS, S.J.

Are still engaged in missionary labours upon which all Old Boys invoke a special blessing.

REV. FATHER JOSEPH CHOWN, M.S.C.

Was ordained only a few weeks ago in Rome. Congratulations! Father Chown is the son of Mr. and Mrs. E. Chown, of 152 Nicholson Road, Subiaco, and a nephew of Rev. Dr. L. Rumble, M.S.C., of Sydney.

RESULT OF RAFFLE

The S.I.C. Ex-Students set up a committee to organise funds for the Marist openings in 1954 at Bunbury and at Subiaco.

The College held a raffle. The gross receipts were £613/15/-, the net profit was £498/6/-. Printing, stamps and the cost of prizes made up the expenses.

Prize winners were as follows:

First (No. 6678), Mr. E. Boyce, 9 Shaftesbury Avenue, Bayswater.

Second (No. 4809), Mrs. M. Clarke, 46 Matlock Street, Mt. Hawthorn.

Donations were sent. Gifts contributed included a chalice and paten, a monstrance, a communion plate, a set of red and a set of purple vestments, and an altar cloth with hand-knitted lace.

Promises include a brass crucifix for an altar, a pair of brass candle sticks, a lavabo set and a sanctuary lamp, also a statue of Our Lady and a statue of the Sacred Heart.

The Brothers are extremely grateful for this generous assistance towards the huge costs of the Brothers' residence at Subiaco and at Bunbury.

The 1953 College football team showed only a shadow of former past teams. True, early in the season and during the three memorable finals, the team really "turned it on," and did quite as well as any of the past teams.

This fault can be remedied only by a hard training routine. The old saying: "You play as you train," certainly showed its force. Much commendation can be given to B. O'Dwyer, R. Pugh, J. Parsons, M. Seabrook, P. Mahoney, P. Lanigan and A. Kelly, for their

vigorous training, not only on training nights, but mainly during recreation.

Our second match of the season was against last year's premiers, the strong Mission team. The match was fairly evenly contested throughout. The Mission team finally gained the initiative, although the College made a strong bid towards the end. The Mission's narrow victory (two goals) gave us great confidence for our next encounter with them. Mick Seabrook and Dick Pugh combined admirably in

defence, with John Parsons making many openings in the forwards with his excellent stab passing.

We finished the first round of the competition with a decisive win over Mogumber. We had now developed an understanding and good, systematic football which was now being displayed.

As the season progressed and the grounds became muddy the players found the games harder, because of the unsettling tactics employed by the opposition who were outclassed in speed.

Gerald Brendish now developed into an able full forward combining his speed with well judged marking. Patrick Mahoney and Paul Lannigan now developed perfect understanding, and the rucks, M. Seabrook and J. Par-

sions, began to win more than their share of the ruck. Mention must be made of Brendan O'Dwyer, who directed the game from the centre skilfully.

The best games were the three final games where players like W. Frazier, R. Pauley and R. Lanigan really excelled. Mogumber, in the 1st semi, were outclassed easily, 18.21 to 8.9. The second game at Piawaning was a thriller. Onlookers regarded this as the spectacle of the season. Mick Seabrook, Alan Kelly and Brian Boyce all performed well.

The Grand Final against the Mission team was more rugged than brilliant. The 1st XVIII held a slight lead at three-quarter time, but were unable to hold it during the last term. Congratulations to the Mission team once again.

Again Brother Callixtus had coached, and coached ably. Handicapped by a team that lacked weight and height, he yet produced a team which towards the end of the season was a serious rival to the best Mission team seen in the district for years.

P.M.

CRITIQUE OF TEAM.

R. PUGH (Captain and Full Back): Most determined player in the team, and easily the best of a grand bunch of small players. In the Finals this lad put necessary zip in the roving division..

M. SEABROOK (Vice-Captain and Follower): A rugged determined player with a beautiful long kick. The only "big man" in the team who was consistently good.

B. O'DWYER (Centre): A real asset to the team and showed himself intelligent at all times. Probably one of the best for the season.

J. PARSONS (Follower): Started off the season with some really brilliant games. Stab passing and sure handling at all times evident. Won the trophy for "Best and Fairest," donated by Mr. J. Lanigan.

A. KELLY (Wing and Back Pocket): A very small player with a powerful kick. Alan needs more determination to bring out his real football ability.

J. HINDLE, I. REAR (Followers): Both extremely big and have ability but the smaller members did most of the heavy work. John Hindle particularly has great ability which will greatly increase with much more determination.

R. LANIGAN, W. FRAZIER (Half-Backs): Both small nippy half-backs. Kicking is average, but ground play in both cases very good.

R. PAULEY, T. TRANTER (Wingers): With undoubted ability, these wingmen showed patchy form. Their greatest drawback was lack of weight.

P. MAHONEY, P. LANIGAN (Rovers): Two new and much improved players. Both have football sense, very good marking and excellent kicking. Pat Mahoney easily the best stab pass in the team.

G. BRENDISH (Full Forward): Extremely fast, a long accurate kick and a good mark made him a real spectacular forward.

B. CLIFFORD (Utility Follower): A good mark and fair kick just countered his slow speed. Played one or two excellent games.

B. BOYCE (Forward): The surest high mark in the team. Played some fine games as full back during the finals.

G. HAYDOCK (Forward): Greg., although

very light, showed himself game at all times to fill any vacancy in the team.

SECOND EIGHTEEN.

The College Second Eighteen, captained by Peter Giles, began the football season by defeating the Milng team on the home ground. This was the first of a series of matches (five in number) between the Seconds and Milng. With the first match in hand the Seconds looked forward to a good season. The second and third matches resulted in the latter's defeat, at Milng and again at New Norcia. However, the Milng team strengthened towards the end of the season, and captured the last two games. Thus the Seconds won the series: 3 - 2.

Both victory and defeat came with the inter-college games. The first of these, against Guildford resulted in a narrow win by that team mainly due to our weight inferiority. Spurred on by this defeat, the College Seconds had a decisive victory over St. Louis when they played in Perth. Towards the end of the season an influenza-weakened Seconds met a Terrace team on the home ground. The superior opponents dominated the play with fast football, and ran away to an easy victory despite the efforts of the weakened Second XVIII.

Summing up victories and defeat, the College Seconds scored evens—four games won, four games lost.

Captain, Peter Giles, in the full back position; Bob Beaton and Ken White, rovers; rucks, Cec. Tieney and Ron Walsh; L. Cullinane in the centre-half-forward; Bill Laidman in the centre; and L. McGlade, forcefull in the centre-half-back, were the consistent stars of the season. But they, alone, did not win the games. The team-spirit and constant co-operation of each and every player, were the main factors of this season's success. Many thanks to Brother Raymond for his untiring energy and helpful advice during the season.

BILL LAIDMAN.

As usual S.I.C. First Eighteen played a number of College teams with varied success. The team this year lacked the weight but had all the speed and combination characteristic of Brother Callixtus' teams.

Victories were secured against C.B.C. Terrace, Guildford Grammar, St. Louis, and C.B.C. Highgate. But S.I.C. went down this year to Scotch, to Aquinas, and to Wesley.

SECONDS VICTORIES.

Our Second Eighteen had three fine victories against other Colleges, notably against Guildford Grammar, C.B.C. Terrace and St. Louis.

A BALLAD OF THE CONDEMNED.

He sat so quiet in the dawning light,
His dark face buried in his taut white hands.
His head he raised as he blankly gazed,
And thought of the hour-glass sands.

Four hours to live, cruel hours to live,
In restless thoughts and ponderings.
Four hours, sweet hours; so sweet yet
sour,
Now wildly his pulse-throb kept thundering.

To each chime heard, the gaoler stirred,
But ne'er did he darken the cold iron grate.
Then all was quiet in the growing light,
In these painful hours to eight.

Those hours dragged by till it was nigh
The hour of execution . . .
Up filed the guard, their tramping jarred
The prison's rank pollution.

Inside his cell their cold eyes fell
On a body, limp and loose.
On his face a death-smile, still clutching the
phial:
He had cheated the hangman's noose.

BILL LAIDMAN, Junior.

AN ALLEGORY OF THE SILVER SNAKE.

A sight to me is the moon at night
When everything is silver;
I see the tall, thin trees outlined,
And the reeds by the river, quiver.

The silver shrubs send forth the sound
Of merry insects' chitter;
A silver form glides o'er the ground,
In its eyes an evil glitter.

The silver snake hears the night mopeke
As he glides towards the river;
The now watchful frog durst not croak,
But thanks the warning and its giver.

Unwary Man must guard himself
From all this wide world's evil;
Take care of snakes that glide at night,
For Beware! 'Tis the carrion devil.

Cricket . . .

RUNNERS-UP 1952-53.

1952-53 proved to be another successful cricket season for the College First Eleven. Captain R. Pugh led an evenly balanced side against formidable opponents in Mogumba-Gillingarra, Piawaning, the Mission and the College 2nd XI teams.

Beaten only twice during the season we had the misfortune of losing [the final. Greg Clune's brilliant century for Mogumba gave the College a difficult task to overcome. Despite a fighting comeback the College failed by 35 runs to retain the premiership shield. Top score for the College was R. Pugh's 49.

Throughout the season the side was continually in attack. The good batting by each member of the team helped to win the games. J. Parsons top scored for the season, making a forceful 113 against the 2nd XI. The highest batting average throughout the season

was B. Clifford, average 35, while M. Seabrook took a total of 45 wickets. T. Tranter, a slow right hand spin bowler, showed us that he is a bowler to be taken notice of.

The 1953-54 season opened with the 1st XI playing the Mission team. In this match, B. Clifford, our medium bowler, took 7 for 15 in the first innings. In the second innings it was a pleasing sight to see T. Tranter get a hat trick, at the end of the match he had taken 6 for 16. Against Mogumba in the next week, the honours went to the captain, R. Pugh, who made 64 runs in dashing style, which shows that the team is in for a good season.

Piawaning felt our heavy hand in the next match, when M. Seabrook took 7 for 25, and the College amassed 9 for 196 runs against the Piawaning score of 75. G. Brendish made top score with 35.

FIRST XI.

IN FRONT: K. White.

SITTING: J. Parsons, M. Seabrook, R. Pugh (Captain), C. Tierney, B. Clifford.

STANDING: G. Haydock, G. Brendish, P. Brennan, T. Tranter, P. Mahoney, R. Lanigan, A. Keating (Scorer).

The 2nd XI were not as well off as the 1st XI. In the first half of the season, they had a very strong team, and they lost only one match. The points amassed up by their wins enabled them to reach the four for the grand final. Captain B. O'Dwyer led the 2nd XI against the 1st XI in the semi-final, but naturally the firsts were superior.

The 2nd XI side showed great promise, most of the boys were inexperienced, but when the team was in a bad position, they did not

lack the spirit to keep on trying. The fielding of the 2nd XI was keen, and although they did not have any outstanding batsmen, they were quite capable of massing a good score before they were dismissed.

In the 1953-54 season, the seconds have got away to a very bad start, and unless they do not improve the batting and general attack of the side, they might find themselves out of the final four.

SECOND XI.

IN FRONT: A. Kelly.

SITTING: B. Boyce, B. Purser, B. O'Dwyer (Captain), R. Pauley, P. Lanigan.

STANDING: K. Angell, T. Mailey, L. Cullinane, M. O'Leary, D. Moore, N. Rhatigan.

RAY LINDWALL.

My knees did shake, my hands did sweat,
My heart beat like a drum;
The crowd was hushed, the wicket wet,
And our total just one run.

Two batsmen had preceded me,
They had not made a run;
And the source of this distress
Had turned and begun his run.

His approach was like an express train,
Gathering speed as he came.
My partner tried to comfort me,
But I was nervous, just the same.

He reached the edge of the popping crease,
His arm began to swing;
I shifted my grip, pulled tight my gloves,
And even tried to sing.

Then on it came, at first a hiss,
Which then became a roar;
I swung my bat and hoped the best—
The umpire called: "A four!"

He had just one more ball to bowl,
I hoped that I would last;
My last great hit had brightened things,
And my hopes were soaring fast.

But on Ray's face I saw a look
Which threatened me with doom;
I again resolved to hit it hard,
Alas! I swung too soon.

THIS IS HOLLAND.

Between the North Sea and Germany,
Lies Holland with multi-coloured beauty.
As the arms of the windmills are rotating
Every one of the tulips is stating
that: This is Holland.

At the ports the sailors with many a sneeze,
Unload the pepper from the East Indies.
As the arms of the windmills are swaying
Every one of the tulips is saying,
that: This is Holland.

After winter with its many a sport,
Holland is popular for a tourist resort.
As the arms of the windmills are swinging
Every one of the tulips is singing,
that: This is Holland.

HANS VAN REEKER,
13 years, 1st Year, 1953.

Wind rustling a millet field
Making the thin stems bend and yield
And whisper like a woman to the earth.
Their supple forms—ballet dancers,
They twirl and sway and sunlight glances
In their tops like a woman's hair.
They bend their heads to some sly whisper
And then throw back to break the cluster
On their slender, splendid forms.
A strong wind starts a wild prancing
A passion breaks into the dancing
Hurling, whirling, stalks to earth.

These above are a woman's love
Sly and slow at first,
Then tantalizing and surprising
Until their hearts with passion burst
Hurling, whirling, stalks to earth.

. Hockey .

As a winter sport Hockey has for years been second only to football. Interest was maintained by competitions.

Again this year the Schoolboy Championship Teams of W.A. competed at New Norcia. Twenty-one teams in all competed, including two from S.I.C., three from Aquinas, two from C.B.C. Terrace, and teams from Leederville Technical, Fremantle Boys, Perth Boys, Kent Street and Perth Modern.

Arrangements were again splendid. But the weather was against fast play, as rain had been steady for some hours before and continued during the games.

First Division.

This division was won by C.B.C. Terrace. S.I.C. lost to Perth Modern in the semi-final territorially.

Under 16 Division.

The Under 16 Division saw victory for C.B.C. Aquinas who defeated S.I.C. by a short corner.

Minor Division.

This division was won by Fremantle Boys who defeated Kent Street.

Earlier against S.I.C. Old Boys our first had lost, but the seconds won their match.

Tennis

Mr. Max Bonner again gave a full week's coaching to our many tennis enthusiasts. Mr. Bonner, courteous and efficient, tactful and painstaking, yet oh so complimentary and sincerely so when we did well.

Thanks, Mr. Bonner, for a week that must have been strenuous for you, as you lectured and coached hour by hour during a really hot spell of mid-October.

But when our team hard-pressed the Brothers at its conclusion we did feel we had gained immensely under Mr. Bonner's tuition.

Thanks:

. . . SWIMMING . . .

Monday, 9th March, saw our enlarged swimming pool set out for a Swimming Carnival. There were white painted starting stands, lanes divided by ropes on corks; a microphone kept all informed of progress, and a scoring board showed the varied teams' scores.

All from St. Gertrude were present. The Lord Abbot and a number of priests as well as a goodly crowd of spectators enjoyed the highly organised afternoon.

All agree that the Carnival was a huge success.

The team system gave added interest:

J. Parson's Team — the Golds were first.

M. Seabrook's Team —the Whites were second.

B. O'Dwyer's Team — the Reds were third.

I. Rear's Team — the Blue were fourth.

AIR TRAINING CORPS

As No. 8 Flight, New Norcia, St. Ildephonsus College, has one of the largest flights in Western Australia. With Br. Callixtus as Flight-Commander and Br. Raymond as Deputy-Flight-Commander, the 111 cadets attend one parade per month. For this parade Air Force Personnel journey up from Perth. Still to the fore as A.T.C. Instructors are W/O Deam, W/O Howie and Sgt. Butler.

On Sunday, May 3rd, the full complement of No. 8 Flight journeyed to R.A.A.F. Pearce by four R.A.A.F. buses. Arriving in the afternoon the cadets quickly settled in. With the arrival of No. 8 Flight the number of cadets at Pearce was 230, the other flights attending the camp coming from Hale School and Perth Modern School. Monday came as a surprise,

"Reveille" at 6 a.m. With "Wakey, Wakey" resounding in their ears the cadets staggered out of bed.

Throughout the week at camp the cadets' activities included a trip to the rifle range, each cadet firing five rounds of .303 ammunition. Other features were the Link Trainer, each cadet being at the controls for a few minutes; the inspection of the various sections of Pearce; a brief inspection of the Neptune patrol bombers and a short inspection of the control tower. During the afternoon break each cadet chose his activities, having a choice of hockey, football, aero modelling, aero model flying, and gym exercises. On the football field the New Norcia Flight's XVIII

was undefeated in the matches against other cadets. Nine members of New Norcia Flight were members of the Cadet 1st XVIII which played the N.S.T. XVIII.

The high-light of the week for the majority of cadets was the plane trip. Parties of 26 cadets being aloft in the Dakota for a period of about 30 minutes. Flights over the metropolitan area and New Norcia were carried out.

Of 26 cadets who flew over New Norcia, 22 succumbed to the will of their stomachs. Throughout the flight the 22 cadets were inconsolable over the loss of their dinner, which had been consumed just half-an-hour before the flight.

On Sunday the 10th the 230 cadets journeyed to Perth after a very enjoyable week.

I. REAR.

October 11th was the great day of the 41st Annual Athletic Carnival at S.I.C. Rain threatened as the first events came and went, but held off till 11.30 a.m.

In spite of the adverse conditions the Carnival was a great success. A high standard was maintained throughout the day. A very large crowd of spectators witnessed such highlights as Brian Boyce's 39 ft. 10 ins. for the Hop, Step and Jump; Neil Kosovich's leap of 15 ft. 10 ins. to equal the Under 14 Broad Jump record; Neil's high jump of 4 ft. 8½ ins., only ¼ inch below the record; Philip Bugg and Laurie McGlade battling out the 880 Under 16, the former narrowly winning. Then there was the Team Shuffle Relay won magnificently by the Blue team in the record time of 4 mins. 7.2 secs.

At the commencement of the day it was any team's victory. Then as events went by, one team after another took the lead. The marching (of an exceptional high standard) was captured by the Greens, and caused much reshuffling of positions.

By the last round of events, the relays, the Brown was in the lead followed by Blue, then Purple, Gold, Green and the Red in that order. But Brown lengthened out its lead and broke away, despite the efforts of the others, to win comfortably from Blue, with Purple in third place.

Scoreboard after the last event read:—

Brown	882
Blue	837½
Purple	794½
Gold	758
Green	740½
Red	733

Once again Brother Callixtus had staged a magnificent carnival, seeing early to all and every detail. The management and control were something to marvel at. The ground itself had been set up to a well designed plan.

Flags skilfully placed gave not only colour to the scene but facilitated movement.

Brother Gordon had constructed a fine stand and on the day itself Brother ? ? ? ? by skilled use of the mike kept all fully informed of each and every event and posted up to the last event with records, winners and team points.

The best Carnival ever was the common consensus of the huge crowd.

. . . Items of Interest . . .

We did enjoy the concert at St. Gertrude's on Thursday, 11th August, in honour of the Silver Jubilee of Lord Abbot Gregory's ordination.

The exact date was 18th August, 1928, at St. Mary's Cathedral, Perth. We had the privilege and honour of attending Holy Mass, celebrated that day in the College chapel by His Lordship.

In a brief sermon His Grace recalled with pleasure that for quite a time he had years previously enjoyed the privilege of being College Chaplain.

LORD ABBOT UPSON, O.S.B., of Prinknash, distinguished in his all white Benedictine Habit and Rev. Father Leo Smith, O.S.B., of Buckfast, came as visitors to New Norcia from the English Province.

We found Abbot Upson's movies of the Monasteries of England, a thriller. Technically excellent we had our first intimate slant of life in an English Benedictine Monastery and it was very inspiring.

Another night Abbot Upson simply amazed with his conjuring tricks, and above all with the range, variety and speed of those card tricks. The Lord Abbot's patter was simply disarming: now we saw all, now we didn't.

We would have loved to hear more of the great Mass Conversion of the Monks of Caldey some 40 years ago, when this Conversion was seconded by the Rev. Prior Upson, O.S.B.

At Kalumburu (Drysdale River Benedictine Mission) when Abbot W. Upson, O.S.B., and Rev. Leo Smith, O.S.B., were leaving by plane to come to Perth the 'plane struck the cabin of the Mission truck.

The party had just farewelled the English visitors. Rev. Fr. Basil Noseda, O.S.B., was struck in the chest, but by now is practically recovered. Unfortunately a native William the leading Catholic of the Mission was killed.

The Most Rev. Archbishop Fernandez, of Delhi, accompanied by His Grace the Archbishop of Perth, Most Rev. R. Prendeville, D.D., B.A., visited New Norcia on their return from the National Eucharistic Congress held in Sydney.

Archbishop Fernandez gave us a talk which was all too short. We soon realised from the eloquent speaker, the huge task that confronts our Missionaries in India. The huge populations, the small minority of Catholics and their poverty, and in places, and the strength of faith of those who so ardently profess their Catholicity.

Our Missions took on a new and a markedly sympathetic interest.

Sincere sympathy, in Christ, is extended to our fellow College Student, Richard Pugh, on the death of his father. Neil and James Macfarlane on the death of their mother. Anthony Kosovich on the death of his father, as to Brian and Neil Kosovich (nephews). John Parsons on the death of his uncle.

May they rest in the peace of Christ.

PAT COLEMAN

graduated a few years back as B.Sc. (Hons.) His latter work in Geology gaining him a coveted Hackett Scholarship. His field work was done in New Guinea with a world-renowned geologist.

Sydney University has been his field of operation of late; lecture work and a thesis occupying his time. We wish him continued success.

Pat Coleman is still lecturing in Geology at Sydney University where he has completed work on his Doctorate Thesis.

He plans to do further work in Europe and the United States, and will be overseas for about fifteen months after April next year. Naturally it won't all be hard grind. He and the well-known Sydney artist, Justin O'Brien, should form a good and effective team where there is question of seeing places and savouring some of the flavour of the Old World.

Bon Voyage, Pat.

Thanks

Congratulations on a great start, Gary.

CHILDREN OF MARY

1953 was made doubly memorable, in that for the first time the Lord Abbot of New Norcia enrolled the aspirants to the Children of Mary Sodality.

For long weeks the aspirants had been preparing for the solemn occasion. Days of preparation of the singing had made all convergent with the traditional solemn singing of the Hymns and Canticles.

Then on September 24th, the Feast of Our Lady of Ransom, Lord Abbot G. Gomez, O.S.B., received over forty aspirants into the Sodality.

The Lord Abbot preached a morning sermon on the high importance in our lives of the significance of Mary, as Mother of God.

The ceremony concluded with Solemn Pontifical Benediction.

The officers of the Children of Mary for 1953 were as follows:—

President: Richard Pugh.

Vice-President: Brendan Clifford.

Secretary: John Parsons.

Councillors: William Laidman, Michael Seabrook.

On behalf of the Sodalists of 1953 I wish to thank Brother Lucian for his untiring care and personal interest in this spiritual progress of us all. Words cannot adequately convey our thanks.

Improvements at College.

Improvements noted during 1953: Billiard table, full size, with snooker set added later.

Stainless steel sinks (5) in kitchen, sculleries and pantry.

Stainless topped tables (6) in servery, sculleries and kitchen.

Fluorescent lighting in all class rooms.

College's own power plant.

College's own pumping plant, electrically driven.

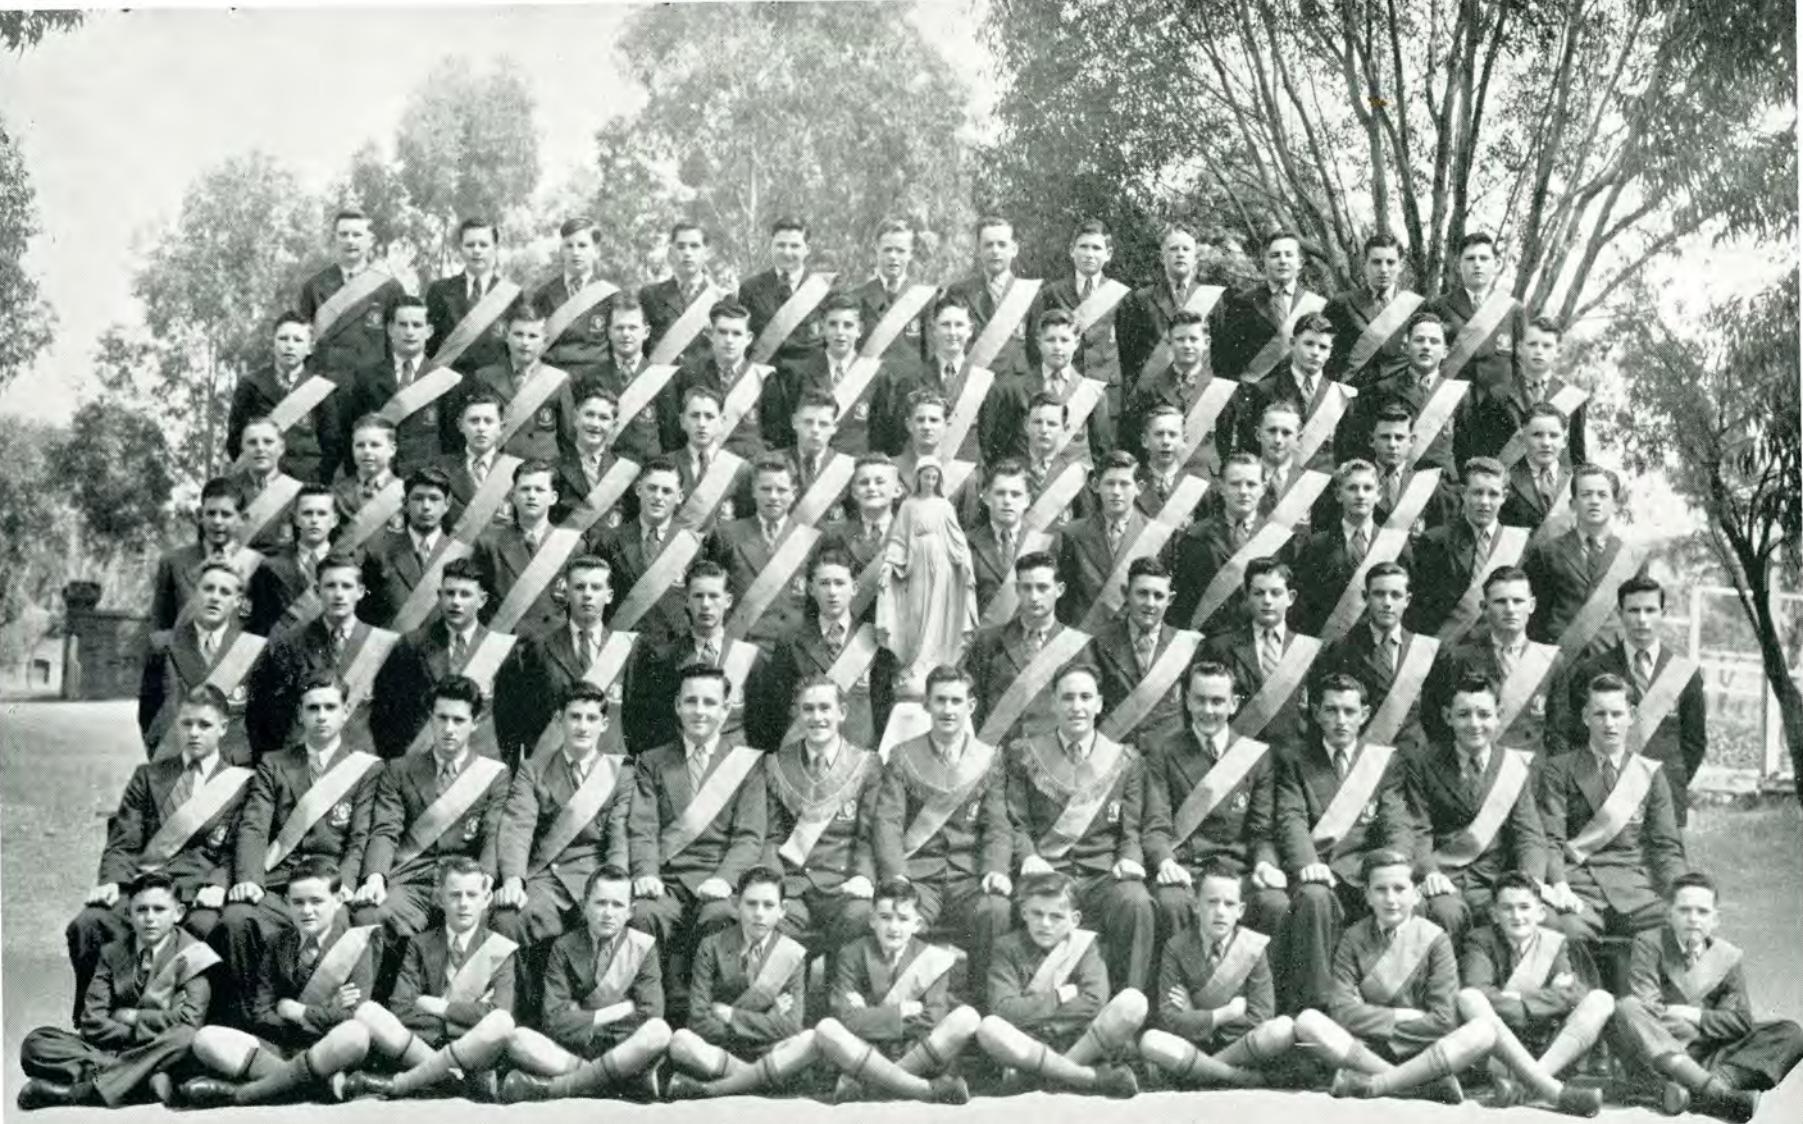

Completely renovated Chemistry

laboratories, with re-surfaced tables.

Dormitories and refectories, senior and junior, newly painted, with additional curtains and some rubber flooring.

Counter Refrigerator in the Tuck Shop.

Brother Lucian, Director, was the leading spirit, of course, in all these improvements, but in the renovation work was ably assisted by a team of Brothers, conspicuous among these was always Brother Gordon.

Work of Alice Meynell is Impregnated by Faith.

Anthologies rightly, yet rigidly, have almost invariably selected from Alice Meynell's some two hundred poems but one—the all but perfect "The Shepherdess." No wonder most can recall:

"She walks—the lady of my delight—
A shepherdess of sheep.
Her flocks are thoughts; she keeps them
white,
She guards them from the steep."

There is clarity, sureness, directness expressed with a disarming sympathy; later with a depth reminiscent of, yet how so different from that lapsed Catholic, the noted John Donne, a memorable Dean of Westminster.

Witness her prophecy of the innate strength through the Eucharist of France and Portugal, after the anti-Catholic expulsion of the early years of this century.

Of France:
"Not from the long Burgundian line
The Southward, sunward range of wine,
Hunted, He never will escape
The flesh, the blood, the sheaf, the grape
That feed His men—the bread, the wine."

PORtUGAL IN 1912.

Fatima and the rekindling of Portugal today attests the reisrgence of an inborn faith.

Yet in 1912. Portugal:
"And they will cast the altars down,
Scatter the chalice, crush the bread?
In field, in village, and in town,
He hides an unregarded head."
"Wails in the corn-lands far and near,
Bright in His sun, dark in His frost,
Sweet in the vine, ripe in the ear—
Lonely unconsecrate Host."

And even where wine and bread are the common meal she sees so much unexpectedly: as in the mills and wine presses of Portugal:

"In ambush at the merry board,
The Victim lurks unsacrificed.
The mill conceals the harvest's Lord,
The wine press holds the unbidden Christ."

With the Meynells, Francis Thompson found life's haven. "**Christ in the Universe**" is strangely akin to work of the writer of "The Hound of Heaven."

"Of His earth-visiting feet
None knew the secret, cherished perilous,
The terrible, shamefast, frightened, whisper-
ed sweet
Heart shattering secret of His way with us."
How G.K.C. must have relished such depths of philosophy rendered with such poetic force.
How aptly and surely a carillon is recalled:
"Sudden the cold airs swing, alone, aloud,
A vision of bells takes wing and flies with
the cloud."

A thrush is heard before dawn, and the poem ends with this ringing note:

"O innocent throat! O human ear!"

AMONG THE GREATEST.

She is akin to the great poets she acclaims: Dante, Keats, Shakespeare, Milton, Shelley, and later, Wordsworth.

In the "**Voice of a Bird**" she startles us, as did G. K. Chesterton in his poem, "On the Donkey," when the note recalled is:

"The crowing twice of the prophetic bird,
The saddest cock-crow of our human years."

Her poetry is steeped through with her Catholicity. From a remarkable sonnet I fain must quote the final quadram:

"You never attained to Him? If to attain
Be to abide, then that may be,
Endless the way, followed with how much
pain,
The way was He."

It is no wonder that Francis Thompson, a poet's poet, could write:

"The footfalls of her muse waken no sounds but silences. We lift a feather from the marsh and say: 'This way went a heron.' It is poetry, the spiritual voice of which will become audible when the 'high voices' of to-day have followed the feet that made them."

And of her sonnet, well known to all true lovers of poetry, beginning:

"And when sleep comes to close each difficult day," the great Rossetti could say with cool appraisal: "It is among the three greatest sonnets written by a woman."

MOTHER OF CHILDREN.

Faint echoes here and there reveal, as in this sonnet, that Alice Meynell was a mother of children, the manager of a big household, the friend and confidante of so many. Often these poems we are astounded to hear were written when she had returned foot-sore and weary from a wearisome afternoon's shopping.

From 1875 till 1923 she wrote poems, cameo-like, exquisitely fashioned; those early poems in her mid-twenties have remarkable likeness to her poems written when past man's allotted span.

Space forbids further quotations even from "The Sonnet to a Daisy" and "San Lorenzo's Mother," of which the critical Ruskin could write:

"These are the finest things I have seen or felt in modern verse."

In her final years she recalled a poet's farewell, and with this note I leave her:

"How mend these strange farewells?
Vole? Addio? Lal Wohl? Not one but seems
A tranquil refutation tolling bells
That yet will hold the terror of his dreams."

Alice Meynell, poet, essayist and writer, yet above all and impregnating all the Catholic—the true Christian philosopher. B.A.M.

Among Our OLD BOYS

Interest in the Old Boys' Association was quickened during the past year by the appeal for funds launched to enable us to grant the first scholarship to the son of an Old Boy from the fund established immediately prior to the war and which has been the ambition of many of the older brigade to see come to fruition.

Generous donations have been acknowledged and with the annual increment from the Ball the Association can now see its way clear to inaugurate the scholarship. The Committee thanks most sincerely those who supported their appeal and trust that within the near future the first fruits of their action will be seen.

The general activities of the Association have progressed under the energetic direction of the Committee and many successful functions were held during the year which now ends on the 31st December in each year.

From the social aspect pride of place must go to the annual Ball which was the most successful held for many years, staged at the Pagoda ballroom in Como early in the season. The success has stirred the special sub-committee to greater hopes and aspirations for the function in 1954 when it is hoped to promote a really spectacular entertainment.

Other functions too numerous to mention were crowded in during the time under review but it would be safe to say that no more enjoyable ones were held than the Annual Reunion and the Dinner to the Marist Brothers at the Australia Hotel during the August holidays.

The hospitality of the Brothers on our annual trip to the College was as ever without peer and a large number of Old Boys availed themselves of the opportunity to revisit the College.

A most enjoyable function, the dinner to the Brothers was noted for the large attendance of really Old Boys, many of whom had not been able to get along for one reason or another for years and one and all voted the evening a great success.

To the Redemptorist Fathers of North Perth the Association is indebted once again for the care and thought displayed in their conduct of the Annual Retreat. This function the one wholly spiritual one conducted by the Association is of long standing and offers to

all Old Boys whether members of the Association or not an unique opportunity of thanking God for the gift of faith and the blessings conferred by a sound Catholic education. To the Redemptorist community the Committee are deeply grateful and hope that future Retreats will be characterised by greatly enhanced attendances.

During the year the Marist Order has completed plans and is now well on the way to completing the establishment of two additional schools in W.A., the first in Subiaco and the second in Bunbury. The expansion of the Marists in this State is cause for general satisfaction to the community at large, but to none more so than Old Boys and ex-Maristarians of all States now resident here.

To mark the occasion an influential body of Old Boys has launched an appeal for funds, designed to assist the Order in this costly work of expansion and have once again the pleasure of knowing that the appeal has not fallen on deaf ears. Already many donations have been received and it is their intention to approach every ex-student of St. Ildephonsus' College so that all may participate in this most deserved gesture of goodwill towards our mentors of other days and friends for all time.

To Those Leaving College, 1953

Dear Boys,—

Perhaps I should say "young men." During your days at New Norcia you have, from time to time, witnessed the happy gatherings of Old Boys which have taken place in the College Chapel, Recreation Hall and on the Sportsfield. This spirit of good fellowship and sportsmanship prevails throughout all functions conducted by the Old Boys' Association. There is no class distinction or age barriers in our Association; rich and poor, young and old, they mix together alike reliving that joyful, carefree atmosphere which you carry with you throughout your days at St. Ildephonsus.

The Old Boys' Association extends to you a hearty invitation to join its ranks. The new members of to-day are those who will carry on the good work and friendship which we of to-day carry on from those who went before us.

Outstanding functions conducted by the Association are: the Retreat, Re-union, Ball, and Brothers' Dinner.

The Annual Retreat at the Redemptorist Monastery is the most important undertaking. This is of great spiritual value as all those who have attended will tell you. The world is a very hard, cold place as some of you will find in a short time out of College and "Spiritual Energy" is needed to combat the forces at large these days fighting to destroy the religion in which you have been so well instructed under the care of the Marist Brothers and Benedictine Fathers. This enclosed Retreat fills you with new zeal and nerve to carry on the good fight. Don't, by any means, think this is only for the older men of the Association whose life lies behind them. No, it is for the young whose life lies ahead with its bumps and struggles.

The Re-Union affords an opportunity for ex-students, from all parts of the State, to meet back at the College and renew acquaintances with the Brothers who have fitted them with an Education and manly training to meet the world.

The ever popular Old Boys' Ball is of special significance as all proceeds go towards the Bursary, which, perhaps some day a son of yours might gain if you are a member of the

Association. This is always held on the first Thursday in July.

The Brothers' Dinner, held during the August vacation, is becoming extremely popular. Here the Brothers and Old Boys are able to mix and discuss matters without disturbance. It is an opportunity to get to know one another better.

Other undertakings in the field of entertainment are socials, country trips, and barbecues. At any of these functions you are always welcome and are sure to meet many friends. All functions are advertised in "The Record."

In the field of sport we have the S.I.C. Hockey Club which has taken an active part in the development of hockey in this State. The Club is very progressive at the present time and new recruits from boys leaving school this year would be greatly appreciated as we wish to enlarge the number of teams.

During the summer months cricket matches of a social nature are played. If a reasonable number of enthusiasts could be mustered steps would be taken to maintain a permanent team in one of the matting associations.

With the opening of new Colleges in this State by the Marist Brothers there is a more urgent need for a larger group of active Old Boys to help the Brothers become firmly established. Your conduct in all walks of life whether you realise it or not reflect on the Brothers who have trained you. Therefore see that you always hold yourselves beyond reproach and cast no slur on the Marist Brothers whose reputation in this State is second to none.

Think these matters over and I am sure you will realise that it is an advantage to join your Old Boys' Association. We look forward to seeing many of you at our functions during 1954.

The Association wishes all a very enjoyable vacation, and the very best of luck to those sitting for their final scholastic examinations at the College this year.

Yours sincerely,
AN OLD BOY.

Join the Old Boys' Association!

Every St. Ildephonsus' boy on completing his College career, ought to join the Old Boys' Association. It is unwise to delay, for one "putting off" usually leads to another. All you have to do is to forward 15/- to the under-mentioned, when you can participate in the many benefits of membership. An annual Re-union Trip to the College is conducted by the Association, while several sporting outings are made each year. Teams drawn from the financial members of the Association participate in the W.A. Hockey Association's competition. An annual Retreat is held every year for our Catholic Members.

In addition, many sporting events, informal dinners, and other gatherings make the Association a very live one. Country members are kept fully in touch with everything that is going on by medium of frequent circular letters. In addition to many undoubted benefits financial membership entitles all Old Boys to receive a free copy of the Annual College Magazine. Old Boys have a great opportunity at the Annual Re-union of renewing friendships which might otherwise be lost. Old haunts are re-visited, reminiscences exchanged, making the time pass happily but all too quickly.

Maintain College Friendships!

S.I.C. Old Boys' Hockey Notes.

The performance of the S.I.C. Old Boys' Reserve I Team this year was by far the most successful recorded by any S.I.C. team since before the war, which was fifteen years ago. We led the field on the premiership ladder right through the qualifying rounds, and captured the Challenge Cup with ease at mid-season. We annexed the minor premiership in the first semi-final, but had to accept the loss of premiership honours in the Grand Final.

The Grand Final itself was not a true reflection of the team's ability, its method of play nor its determination to win. Even from the commencement of play the breaks went solidly against us, robbed us of that necessary confident feeling and produced an air of general uncertainty. We had carried all before us up to now and this latent knowledge made our attempts at regaining control of the game more desperate, but with luck colliding with us at every turn, we were reduced to a team lacking in organisation and continuity of play. It is reported that the team will deservedly be elevated to the A3's. next year and since there is a strong likelihood that we shall be fielding three teams this season, the present era can be legitimately read as a time of rejuvenation bound to succeed and go ahead if effective support is received from more non-playing members of the Association. Joe Kinsella, Leo and Barney Wood were always at hand during the year with competent advice and a cheery word. It is these people that we appreciate and wish to thank. We feel there are more such types around and would like to see something of them.

THE RESERVE I TEAM.

GEORGE WILLIAMS (Captain).—Was, and has been for some few years past now, the sole organiser and promoter of the side. If anything is achieved by the present crop of teams then the credit of such success would, in particular, fall on the shoulders of this man. George has perfected a now famous push-stroke, which is effective as a feeder to the circle and the attacking forwards from beyond the half-way line. He tried very hard all the year, and from the right half-back flank broke up many thrusts in the bud and merged well in the side's system of play.

MICK CONNOLLY (Vice-Captain).—Rumour has it that the author was something of a cheer leader, but considers that he showed a return to form towards the close of the season and expects to hold his form well in preparation for the coming year.

JOE RODIN.—Provides a delicate touch to the general attack at centre-forward, and has

steadied down a lot in front of goals. Joe is a player of long standing and has witnessed the decline and rise of our status since the war. He also acts as general carrier (*a la fargo*) for the team.

LEO HICKEY.—An injection the side received early in the year and one whom we just could not do without, the pivot and more often than not the final fulfilment of our attack. Leo is the former State's Professional Sprint back-marker and is the fastest player in the whole Association. A dashing attacker some of the goals he netted were nothing short of phenomenal.

BASIL JONES.—Also returned to the side this year to take over the role of centre half-back. He is an uncanny player at any time but especially when the going is tough and has the ability to literally pull anything out of the fire. He is a natural sportsman and has the surest eye of the team. Is a great trier.

BRIAN FITZGERALD.—As dour and as hard to brush by as the proverbial rock of Gibraltar; a player whose good work has often gone without notice, his value has now been recognised. Filled the full-back position, and never ever gave in.

HOWARD ROBERTS.—Was the most consistently good player of the team, he is the only man with real stickwork and is tremendously versatile. He saved consistently at the very last moment and when a certain goal was imminent.

NEIL MANOLINI.—Unobtrusive yet quick to capitalise on any sudden opportunity presented. At left wing was often left out of the play, but was most instrumental in opening it up, when that was required. Scored goals from the acutest angles.

JOHN SIMONS.—An attacking and carry on type of player, who started in the backs but filled the inside right position with success. Is quite fast over short distances and has a good knowledge of the tactics of hockey.

TREVOR CORRY.—The left full-back who repulsed opposing sides moves by hook or by crook. He defended vigorously on all occasions and thoroughly unsettles many an attacking forward, risking personal injury to accomplish it.

KEVIN BARLETT.—Last but far from least, our goalkeeper. He saved the team from defeat consistently through the year, and had the lowest number of goals scored

against him in the grade. Made some incredible saves in front of goal and was never deterred by the rising ball.

BRIAN ROBERTS.—Deputised for John Simons in the Grand Final and scored one of the two goals that day. Employs a some what similar technique as John. And is always ready to continue the play.

PETER GARBIN and TREVOR HODGKIN,—Stole away to the country after the season had commenced, and after providing tradesmanlike performances in the back line. Peter was as reliable as ever and Trevor helped stiffen the rearguard with his tenacity.

Bi Hockey Notes.

The 1953 Hockey season saw this team in battling form throughout. The players never knew when they were beaten and fought many a desperate struggle to the end to see victory snatched from them in the last few minutes. There were many highlights but the one held most dear was the defeat of the unbeaten R.A.A.F. team. This team eventually won the premiership with ease.

The team fielded this year was held in respect by all teams in the grade because of the hard fast game they were capable of turning on and keeping up. The attack was good and the defence even better.

Next year we have great hopes for this team eclipsing the premiership.

Players.

MERV TAYLOR, chosen captain, led the attack from the centre.

BRIAN ROBERTS with some excellent stick work and speed was most effective as a right wing.

JOHN RYAN and BASIL RYAN both acquitted themselves well in the right inner position. Basil also played well at half-back.

TERRY FLYNN playing his first season impressed greatly with his position play at left inner.

JIM MACPHERSON was able to fill in on either wing when called upon to do so.

JOHN DUFFIELD, BOB McKENNA and JIM RYAN formed a half back combination which was hard to pass.

DON REGALI, "BLUE" MCPHERSON and McNAMARA were a great force for any forward line to try and penetrate.

With the nucleus of good young players who have emerged this year the Club looks forward to a very good season in 1954. We also would welcome any lad who wishes to play this sport during the coming season.

Items of Interest.

Frank Grogan is now and will be in England till the end of 1954 with the Ministries of Agriculture and of Food, on exchange of duties with a members of the British Public Service. He tells that the "experience is interesting, instructive and enjoyable." He tells that on a recent holiday visit to Devon and Cornwall he visited Buckfast Abbey and renewed acquaintance with Father Leo Smith, O.S.B., who had been out to the Abbey at New Norcia as visitor.

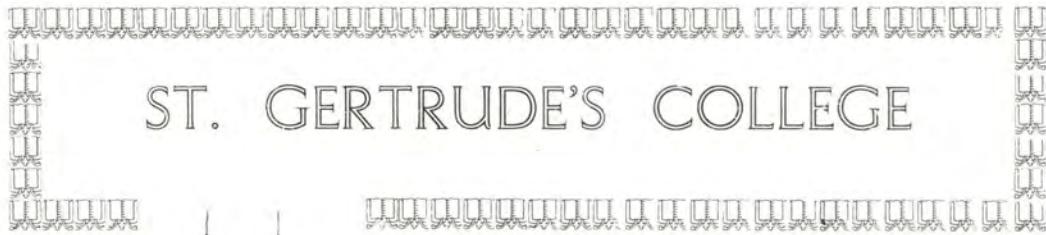

Visitor.

Eddie Donovan, of St. Patrick's College, Sale, winner of an Australasian Amateur Boxing title in 1952 called at New Norcia on his round Australia tour, solo, but for a strong and vigilant Alsatian, in a neatly furnished caravan.

We had a fine talk on amateur boxing and an all-too-short display.

Rev. Father Gerard, O.S.B., Parish Priest of New Norcia, showed us a valuable film of Fatima.

The film was privately taken by an Irish Dominican Father from Lisbon on May 13th, 1946: the anniversary of that famed apparition on May 13th, 1917.

ST. GERTRUDE'S COLLEGE

1953 opened with a record number of students for S.G.C., and our veterans were glad to help new girls sort impressions, and gradually take in the idea of boarding school life.

One of the highlights of March was the first swimming carnival held by the girls. With

the aid of the Brothers' organization and the Sisters' excellent tutoring our budding aquachamps carried out everything in fine style, and it is to be hoped that the fine team spirit shown at the carnival as well as the actual display itself will not just be part of 1953, but will become a feature of S.G.C. Athletics in the future.

Actually our sphere broadened in the whole sporting line. Basketball matches were played against St. Columba's (South Perth), Stella Maris (Geraldton), and local teams, and of all games we lost only one. The Geraldton girls were far too good for us, but we know their

tricks, and have great plans for beating them next year—on home ground.

Second term saw the house teams racing to compete for points, and the Team captains: Blue, Val Monger; Gold, Joy Wilson; Green, Nola Hammond; Red, Chrystal Iverson, did their best to keep just one ahead of the next one. Sports day was the climax of our preparations, and Green came up out of the bunch and into the straight to win the day. For their perseverance with the figure marching and the Physical Culture Display the Sisters are to be especially thanked.

Much speculation as to the proposed date of the Retreat gave evidence of its eager anticipation which was further borne out by the earnestness and fervour of the Retreatants. We are grateful to Fr. Dunne, C.S.S.R., for his truly inspiring lectures and the results of the appeal for devotion to Our Lady of Perpetual Succour have been truly gratifying in the succeeding months, and we trust will prove a beacon 'midst the storms of the ensuing years.

The members of the Children of Mary Sodality were augmented when the impressive ceremony of the Consecration took place on the 16th of June, and we are proud to record that former members—Denise Casey, Leonie Mayne, Diane Kingston have added to the total of S.G.C. ex-students who are preparing to labour in that part of the vineyard of the Lord, entrusted to the care of the Sisters of St. Joseph. Further members of the Y.C.S. received badges and another activity group—the Missions—continues to flourish, together with the Aquinas Group.

Our "Personality Column" for the year records the visits of Sister Michael Xavier, principal of the West Australian Sisters of St.

Joseph. During the third term we received a visit from the Bishop of Delhi, who told us a few interesting facts about Catholicism in his city. Abbot Upton, of Prinknash, England, was a visitor in the second term, and told us the story of his monastery and the conversion of his monks. We all enjoyed the movie he took of us. A glimpse into Hollywood life—well, nearly.

The Governor, Sir Charles Gairdner, who visited New Norcia towards the later part of the year, seemed particularly struck with our cleanliness, and health as compared with the youth of his day. What more could one ask for, with such an advertisement for the school. The Governor also roused our latent patriotic sentiments by granting a holiday in the name of the Queen, whom we cheered gratefully.

His Lordship, Dr. Gregory's Silver Jubilee of his Ordination to the Priesthood was celebrated with due solemnity, our contribution taking the form of a concert.

Visions of Junior and Leaving exams. looming at the end of the year kept our noses to the grindstone. Music exams. passed over with apparent satisfaction to our young musicians. Art of Speech, Perception, Theory and French kept most of the girls at their desks. The intermediate grades and babies had a visit from Mr. Trottman, who said they were excellent—keep it up.

But our moments of relaxation were many. For those we have to thank the Sisters who organised picnics and outings as well as for their grand help in our studies and with our Sporting Activities. Also for pictures, the loan of the bus, which proved invaluable for our many trips, and invitations to tennis, etc., we would like to offer sincere thanks to the Marist Brothers.

St. Gertrude's Ex-Collegians

A very successful day was held at New Norcia in August for the Girls' Sports Day. About 40 people journeyed up by special bus for the occasion and witnessed a splendid display of athletics. Our congratulations go to the age winners and to all of those competing in the events. A trophy was presented by the Old Girls for Under 14 Champion. The Old Girls' Race was won by Mrs. Athowe (nee Parker) in true De Gruchy style. The Sisters entertained at high tea before the bus departed and we must thank them for a very enjoyable day.

Office bearers for the year are:—
President.—Mrs. Casellas.
Secretary.—Miss Meagher.
Assistant Secretary.—P. Deegan.

Treasurer.—E. Waghorn.

Committee.—M. Parker, P. Strickland, Mrs. Finman, J. Casellas, C. Fitzgerald, M. Lanigan, M. Bianchini.

The Annual Dinner was held at the Wattle, and was voted by all as a great social success.

The Re-Union was held at South Perth, and once again a large crowd attended and it was very nice to renew acquaintances with teachers and old school friends. Several musical items were given and were greatly enjoyed.

It is intended to have an informal dance in the New Year at A.N.A. Boatshed.

Congratulations go out to Anne Athowe (nee Parker) one of our former office bearers on her marriage, and Marlene Daddow, and Margaret Parker on her engagement.
